

WINDOWS AND DOORS

- ### SPECIFICATIONS
- All our doors & windows are manufactured with high quality, 4+16+4 double glazing, argon filled with a 1.1 U value.
 - All our doors & windows are manufactured with laminated wood.
 - All our doors have a 3 point lock
 - Our cross bars have a click in clip system; ideal when painting or cleaning.
 - The hinges on our doors & windows are adjustable (adjustment: expansion/shrinkage of wood).
 - All our doors have a 3 point lock
 - The thresholds of our doors are manufactured with an aluminum profile to help protect against wear.
 - All of our single doors can be made with the hinges on the right for no additional charge (single doors are delivered as standard left hand hinged).
 - Single doors can be made 1000 mm wide for an additional charge (except for PR29).
 - Indicated sizes are opening sizes: width x height in mm.
 - All pictured doors are 1935 mm high.
